

Employer Name: The Lewin Group

Position Title: Senior Research Analyst

Location - City, State: Falls Church, VA

Industry: Healthcare

Job Description: We'll put you in the driver's seat on vital projects that have strategic importance to our mission of helping people lead healthier lives. Yes, we share a mission that inspires. We need your organizational talents and business discipline to help fuel ours. It's the opportunity to do **your life's best work.(sm)**

The Lewin Group is a premier national health care and human services consulting and policy analysis firm with 45 years of experience finding answers and solving problems for leading organizations in the public, non-profit, and private sectors. Lewin's strategic and analytical services aim to help clients:

- Improve policy and expand knowledge of health care and human service systems
- Enact, run, and evaluate programs to enhance delivery and financing of health care and family services
- Deal with shifts in health care practice, technology, and regulation
- Optimize performance, quality, coverage, and health outcomes
- Create strategies for institutions, communities, associations, foundations, governments, and people to make health care and human services systems more effective

In the wide-ranging field of human services consulting, The Lewin Group provides both depth and breadth of expertise. Currently, Lewin has more than 250 consultants drawn from industry, government and academia. They all share a strong commitment to Lewin's core values of objectivity, integrity, analytical innovation, vision and dedication to client satisfaction.

As a **Senior Research Analyst**, you will perform a variety of research and analysis tasks to support consulting projects for federal and state governments, health plans, associations and foundations, hospitals, and health systems. This is an excellent opportunity to work with intelligent people on important policy issues in a positive team environment.

Primary Responsibilities

- Perform health care and/or health policy focused quantitative and qualitative research and analysis
- Conduct literature reviews and synthesize research findings
- Prepare information for clients, contribute to reports, and assist with project scheduling and coordination tasks
- You must be self-directed and creative, as you will deal with some very interesting and complex issues
- As a key resource to others, you must maintain a high degree of accuracy, along with attention to detail, excellent oral and written communication skills, strong interpersonal skills, and the ability to always meet deadlines

Qualifications

Required Qualifications

- Bachelor's degree or currently pursuing a degree from an accredited college/university (with a target graduation within next 12 months)
- Previous academic and/or work experience performing qualitative and/or quantitative analysis, overseeing day-to-day management of project tasks, and preparing presentations and reports for clients
- Competence with MS Office—Word, Excel, PowerPoint
- Must be eligible to work in the U.S. without company sponsorship, now or in the future, for employment-based work authorization (F-1 students with practical training and candidates requiring H-1Bs, TNs, etc. will not be considered)
- Please note: You must upload an unofficial school transcript and writing sample as part of the application process for this position

Preferred Qualifications

- Minimum 3.00 cumulative GPA
- Health care or policy experience

Duration: Permanent

Job Functions: Consulting, Healthcare Services, Human Resources

Employer Description: The Lewin Group (Lewin) is a health care consulting firm. We support our clients with policy research and data analysis on Medicare, Medicaid and CHIP, health care financing, strategic workforce planning, health program evaluation, comparative effectiveness research and other important areas of the public health policy arena. We evaluate health reform options using data-driven financial modeling. Lewin is a human services consulting firm. We provide technical assistance and support to develop and improve children and family programs like Head Start, Assets for Independence, and the delivery and financing for many important human services policy programs nationwide. Lewin has more than 40 years' experience in Medicare, Medicaid, health care reform, policy research, evidence based medicine and human services programs.
