

Employer Name: Morningstar, Inc.

Position Title: Morningstar Development Program

Location: Chicago, Illinois

Industry: Research

Job Description

The Program

At Morningstar, we want people who are smart, creative, hard-working, curious, and passionate about their work. We hire all majors, including liberal arts, as we appreciate the different perspectives they bring to our company. We built the Morningstar Development Program to prepare recent college graduates for successful, long-term careers here at Morningstar. Throughout this two-year program, you will be placed in a cohort where you'll receive ongoing career development, networking, mentoring, training opportunities, apprenticeship programs and exposure to different areas of the business to help you succeed at Morningstar.

The Role

We are accepting applicants with zero to two years of full-time work experience. While we look for individuals who have an interest in investing, we welcome all fields of study. If you are selected for the program, your first placement will be as a Client Service Representative. Client Service provides you with experience learning about Morningstar's business, directly interacting with our clients, and building your knowledge about Morningstar's data, products, and research. After your first placement in Client Service, MDPs are encouraged to rotate to one to two other areas of Morningstar's business. Past MDP participants have moved into roles in client relationship management, research, data, investment analysis, human resources, marketing, etc. All positions are based in our Chicago office.

Responsibilities

- Build deep expertise in Morningstar's data, products and research.
- Directly interact with Morningstar's clients, including advisors and individual and institutional investors.
- Contribute to ongoing training sessions, stretch projects and round-table discussions while developing a strong foundation of knowledge to build on and use in your Morningstar career.
- Develop both analytical and communication skills by navigating Morningstar products and providing the best customer experience to our clients.

Qualifications

- A bachelor's degree.
- Cover Letter required. Applications without a cover letter will not be considered. Please note that cover letters can be uploaded in the same attachment field as resumes.
- Ability to adapt well to different situations and thrive in a challenging, fast-paced environment.
- Excellent communication and leadership skills.
- Creativity and good analytical ability.

Duration: Permanent

Job Functions: Data & Analytics, Marketing - General, Research

Employer Description

Morningstar, Inc. is a leading provider of independent investment research in North America, Europe, Australia, and Asia. The company offers an extensive line of products and services for individual investors, financial advisors, asset managers, retirement plan providers and sponsors, and institutional investors in the private capital markets. Morningstar provides data and research insights on a wide range of investment offerings, including managed investment products, publicly listed companies, private capital markets, and real-time global market data. Morningstar also offers investment management services through its investment advisory subsidiaries, with more than \$201 billion in assets under advisement and management as of March 31, 2018. The company has operations in 27 countries.
